A LEADER IN LGBT HEALTH CARE

Mount Sinai Health System is committed to meeting the specific health care needs of the lesbian, gay, bisexual, and transgender (LGBT) community with respect and compassion.

Mount Sinai Health System has been consistently acknowledged as an LGBT Health Equality Leader by the Human Rights Campaign Foundation for our efforts in caring for LGBT patients and recognizing the contributions of our LGBT employees.

To learn more about our LGBT inclusive patients' rights and visitation policies and our health care programs and services, and to make an appointment, please visit our website at: www.LGBThealthservices.org

LGBT HEALTH SERVICES

- Primary care, specialty care and hospital care for LGBT patients and their families
- Comprehensive health services for the transgender community at the Center for Transgender Medicine and Surgery. For more information go to www.mountsinai.org/transgender

LGBT HEALTH RESOURCES

- Information, referral and patient navigation for LGBT patients and consumers
- Outreach and health education for LGBT organizations and communities in New York City
- Professional education and training for providers in LGBT health care topics
- Advocacy for LGBT health equity with local and national health policymakers, researchers, and educators
- Sponsorship of LGBT events and activities
