

Why are we asking about your race, ethnicity, language and pronouns?

We want to make sure that every patient receives personalized health care and is able to live their healthiest life. We ask all of our patients about their race and ethnicity so that we can address any differences in health outcomes across the communities we serve. We also ask everyone about language and pronouns so that we are providing care in a respectful way. Everyone’s responses are private.

DO YOU IDENTIFY WITH SPANISH / HISPANIC / LATINO ETHNICITY?
